

Twin City Die Castings Company EMS Policy

Minneapolis, MN

Monticello, MN

Watertown, SD

Twin City Die Castings Company's Vision is to be the most admired die caster in the world. To achieve this, we will strive to:

- Engage in business with environmentally responsible customers, suppliers, and contractors by implementing and maintaining an ISO 14001 based management system, incorporating Health and Safety.
- Monitor progress and review environmental performance against targets and objectives on a regular basis, for both our identified environmental aspects and for all applicable legally mandated requirements.
- Committed to the protection of the environment and prevention of pollution.
- Provide a safe, environmentally friendly, and rewarding workplace where our employees are educated and trained and those working on our behalf are kept informed.
- We are committed to continually improve the (EMS) environmental management system to enhance environmental performance.
